# Juba

---

South Sudan is a new country, but it is a very poor country too with a civil war taking place. This means it is even more difficult to go to school. There are few roads which also means transporting food from Uganda or Kenya is difficult.

# Your only meal each day

The school has to persuade parents to send their children but especially daughters to school

Pupils and their families are given fresh water

Pupils also have a uniform and have a meal each day

**Our special bond with St Mark's started in Autumn 2019 when we collected pencils to take out to the children in Juba.**

**In December 2020,  
Eynesbury C of E School  
children collected all their  
spare 50 pence pieces to  
help support some  
children in Juba. Along  
with other donations from  
people within the school,  
Eynesbury raised £193!!!**

**In December 2021, we appealed again to the Eynesbury C of E school community and they came forward to help. We collected at our carol singing in December and also held a non-uniform day in February.**

We are proud to have a connection to St Mark's.

Every penny you donate will go towards giving these children in Juba an education.

Many thanks

Can you help us to continue to support children like Atap, Aachen, Jacob, Ronald and Rebecca?

It costs £50 to support 1 child for a year at St Mark's Juba.

**YOU ARE  
AMAZING!**

**This time we raised £520.68 (£650 with gift aid). This is immense! The good news has spread far and wide. One of the charity's directors, David has even told the Archbishop of Canterbury!**

**We will now be supporting not just our 5 wonderful children in Juba but many more!**

## A message

**As a class, write a short letter to the children in Juba we will be supporting. What would you like to tell them? What would you like to ask?**
